Title: Note to Ishtar

Author: Unknown

Dearest Ishtar,

I am sorry I have to be
gone for so long. I have
been named Magnate
Isk's

legal counsel and I am
vigorously pursuing a
means to relocate him.

I took the liberty of
having my servant fully
redecorated your room.

I had your kimono
placed
inside the vanity and I
have also placed a few
treats for you. I pray to
see you on the morrow
at the latest and I do so
look forward to it. Ever
thy servant,
Thraxanduril

P. S. I also left you
some wafers should you
wish to feed Harbinger...
he will remember you
quite fondly for it.

Dearest Ishtar,

I have received word
from my sister that she
wishes to speak to me. I
believe something
important is about to
happen. I shall be away
to

speak with her but shall
do my utmost to return
home to be with you
tonight. Please wait for
me. I pray I shall return
with news for rejoicing,
and not something dire.
